

## FI-28(G) High End Performance IEC Connector

### RATING

10A 250V / 15A 125V AC

### FEATURES

#### NEW PRODUCT 2014

- 24k Gold-plated conductors  $\alpha$  (Alpha) pure-copper
- Earth (Ground) Jumper System (US Patent No.: 6,669,491)
- Nylon/fiberglass body incorporating carbon particles that absorb vibration and resonance
- Specified for cable diameters from 6.8mm to 17.5mm
- Dimensions: FI-28(G)---39.6mm diameter x 76.2mm overall length
- Metal cable clamp improves grip and reduces mechanically and electrically induced distortion
